

Welcome in the world of Oxymous Prime, in this guide i explain you some elements of the game.

Oxy is a great bounty hunter (you know him if you play the Miciosegone Game -Space Hunter-) and this time his mission is to capture Borden, an evil Groulen poacher that have kidnapped a rare bird.
But Borden is hidden in one of the Groulen Mothership, and Oxy must enter in it and fight with a large army of robots and soldiers for find him.

COMMANDS

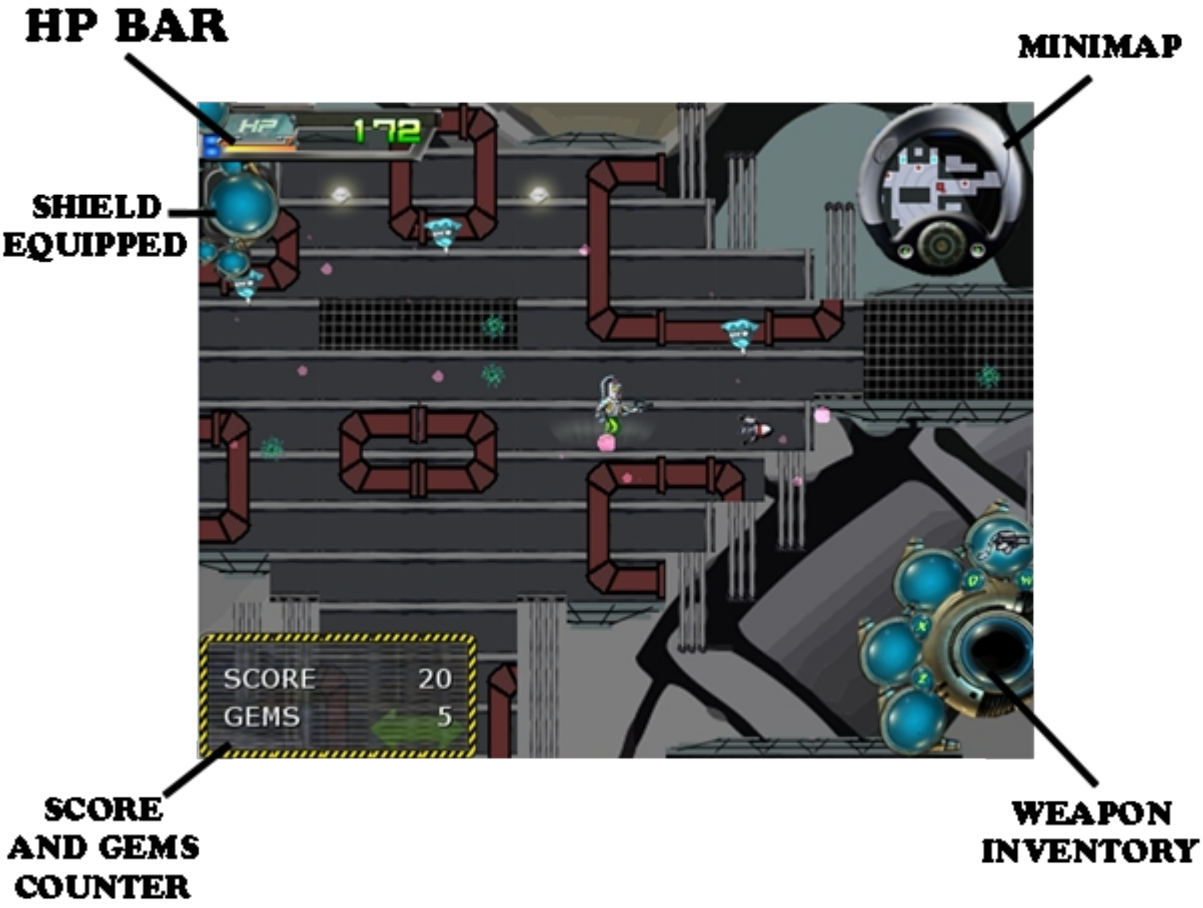

TIPS

Oxy with his special euqipment can make long or high jump.
He can make a “Wall Jump” or a “Long Jump”

For a Wall Jump, jump to the wall and press jump again for reach high places

For a Long Jump, press the SPRINT button before or after a jump

THE INTERFACE

ITEM
